The SET operating model also expands the Talent Acquisition Unit within central HR to provide more services to the campus for staff and temporary positions. This will include providing best practices in sourcing, hiring and retaining talent, as well as improved hiring times for departments. Renee Grigor will continue leading the Talent Acquisition team as the director of the talent acquisition unit and Talent Acquisition Manager Jaclyn Velez is remaining in her role.

Please know how much we appreciate your support and patience as we continue to implement the SET model, while also keeping you as informed as possible throughout the process. For questions and/or concerns, email knightvision@ucf.edu.
